Every resident of the country, every horticulturist, and every lover of

tory should also claim our protection, and twenty four-thousand dollars. (Hawks excepted) for they do us more good in the destruction of insects than arm to our crops of grain and fruits .-time, might be made an exception to JOHN QUILL Clifton, June 13th, 1857.

Liems About Potatoes.

Potatoes are, it is said, the most important crop in Connecticut. The best soil is a good, light, upland foam. A good erop is 125 bushels to an scre.deemed less likely to rot.

The Hop. H. A. Dver states that in Maryland a kernel of corn is planted in each hill of potatoes. The stalk of corn is sufficient with the potatoes. this several years with success.

The following sorts of potatoes are said not to be liable to rot:

The Woodbury Red, the California
